

JEREMY SAMS

To live by the Spirit is to plant seed for future blessing. Consider three aspects of spiritual sowing:

1. Sowing with regard to your Bible Teachers (6)

- God gives vocational Bible teachers to His church
- Effective Bible teaching requires legitimate work and deserves legitimate pay
- God commands His people to support their teachers
- Supporting your teachers is a partnership in ministry and sowing for the future

To live by the Spirit is to plant seed for future blessing. Consider three aspects of spiritual sowing:

2. Sowing with regard to Holiness (7-8)

- The lie: “I can sin with no consequences”
- The principle: “you reap what you sow”
- The lesson: choose carefully what you sow

The one who sows to the flesh...

The one who sows to the Spirit...

To live by the Spirit is to plant seed for future blessing. Consider three aspects of spiritual sowing:

3. Sowing with regard to present opportunity (9-10)

- *Warning: Don't become weary of sowing*
- *Assurance: You will reap in due time if you don't give up!*
- *Command: Seize present opportunities to sow*
